

Residential Study – Karma Yoga Program Information Package

“Karma Yoga, or the practice of selfless service, is the best preparation for the practice of meditation. Without purifying the heart and the mind from selfishness and other negative emotions, success in meditation is not possible. The ashram is the best setting for such a practice. Serving others with joy, in the company of other spiritual practitioners, is a safe way to practice Karma Yoga and eventually attain success in meditation and enjoy the bliss of the spiritual life.”

—Swami Swaroopananda,
Director, Sivananda Ashram Yoga Retreat Bahamas

Our Mission

Our Mission is to carry-on the great teachings of Swami Vishnudevananda and his guru Swami Sivananda.

Swami Sivananda (1887-1963, Rishikesh, India), one of the great sages of modern times is the inspiration behind our organization. Swami Sivananda's teachings are a synthesis of the 4 main paths of Yoga (Karma Yoga, Bhakti Yoga, Raja Yoga and Jnana Yoga). He has published over 200 books in English integrating all known Yoga systems, teaching a yoga of synthesis which is the basis for the modern practice of Yoga in the West.

Swami Vishnudevananda (1927-1993), disciple of Swami Sivananda was sent to the west in 1957 to spread the teachings of Yoga; the spiritual roadmap to inner peace.

His goal was to set into motion a holistic evolution towards peace. In Val Morin, Quebec, Swami Vishnudevananda began his work and founded the International Sivananda Yoga Vedanta Centres. Swamiji was convinced that outer peace cannot exist without inner peace. He was one of the first yoga masters in the West to develop a comprehensive training program for yoga teachers. He believed that to create a real shift in the world towards peace he needed to teach and train as many people as possible in the ways of Yoga and the path to inner peace and freedom. Today there are more than 70 Sivananda Centers and Ashrams worldwide. His motto is "*Health is wealth. Peace of mind is happiness. Yoga shows the way.*"

The Sivananda Yoga Retreat Bahamas, was founded in 1967 by Swami Vishnudevananda. The Yoga Retreat Bahamas carries forward Swamiji's mission by holding 7 Teacher Training sessions/year and offering a diverse spiritual program for vacationers and students. Lead by the Ashrams Director, **Swami Swaroopananda**, the program is filled year round with spiritual leaders, teachers, musicians and healers sharing their wisdom and insights. Swami Vishnu's vision was to bring teachers and leaders of all different religions and walks of life together so they could interact with one another and share their light – *Unity in Diversity*.

The core staff is a community of residents who have devoted themselves to a spiritual path, living, practicing, and working together to care for the ashram and promote peace in the world through the philosophy and practice of yoga.

Students of the Residential Study Program play an integral role, while immersed in living a yogic lifestyle they support the smooth delivery of these wonderful programs and serve the guests and students in a many different ways. It is their dedication and commitment to their practice that creates a loving and supportive atmosphere for all!

Your Spiritual Journey

The cornerstone of the Residential Study Program is selfless service, also called Seva or Karma Yoga. Swami Sivananda taught that the act of offering our services for the benefit of others purifies the heart and takes us further along the path in our spiritual evolution.

Egoism, jealousy, resistance, ideas of superiority, and all the kindred negative qualities vanish in the act of selfless service. You develop humility, pure love, sympathy, tolerance, and mercy. The sense of separateness is removed and selfishness eradicated. Karma Yoga develops a broad and liberal outlook on life and you begin to feel oneness and unity. On the path of Karma Yoga, you eventually obtain knowledge of the Self and realize One in all and All in one. You feel unbounded joy.

"Serve, love, give, purify, meditate, realize" – these are the teachings and strength behind the Residential Study Program which has inspired spiritual aspirants around the world to live a life of brotherly love and spiritual unity.

The Sivananda Ashram Yoga Retreat Bahamas provides the perfect setting to put the teachings of Karma Yoga into practice. As part of a community of like-minded people you can deepen your knowledge and practice of yoga, open your heart, learn useful skills, and enjoy the beautiful white-sand beach. You do not have to be a yoga teacher in order to join the ashram's Residential Study Program— all that is needed is willingness to serve and to lead a yogic life.

The Residential Study Program gives practitioners an opportunity to fully immerse in the ashram life for 1 to 3 months. It is a structured program that follows a specific daily schedule that includes meditation, participation in all satsangs, 2-hour asana class, philosophical study, spiritual diary, and selfless service. Days begin early 5:30am and end at 10:00pm.

Selfless service (Karma Yoga) is a devotional practice. It is service performed without any expectation of result or reward for the person performing it. It is dedicating all your thoughts and actions for the greater good -not an easy task! Practiced faithfully this path of yoga helps to purify the mind and heart.

In this program you will be challenged by your own thoughts; physical and emotional habits will surface; and mental limitations may arise. It is a great opportunity to face these habits, preconceived ideas and assumptions that are not serving you well. The daily routine is designed to keep you focused on your higher purpose, to weather the internal storms and to let your light shine. Upon your arrival, you will be assigned to a supervisor who will guide and support you with your karma yoga assignment. Spiritual leaders (Swami's) are available as needed to provide wisdom and insight to your practice.

Meals

The yogic diet is a vegetarian diet that is conducive to the practice of yoga and progress in spiritual life. It draws on a balance of fresh fruit, vegetables, whole grains, milk products, legumes, and nuts and seeds, in both raw and cooked forms. Based on the ancient science of Ayurveda, a yogic diet promotes health and balance, reduces stress, and increases vitality, energy, and joy in your life.

Two buffet-style lacto-vegetarian meals are served at the ashram daily, at 10:00 am and 6:00 pm, prepared with love and care according to yogic dietary principles.

Both brunch and dinner offer nourishing vegetable, grain, and/or bean dishes as well as hearty soups. Brunch also includes delicious fruit, homemade granola, or freshly made yogurt. Raw fixings to make your own salad are offered at both meals, as well as our own baked bread. You are also welcome to enjoy a cup of our daily herbal tea selection.

Enjoy your meal by the ocean, in the tropical gardens, or in the main dining area amongst other yogis staying at the ashram.

Some participants recommend to bring snacks like nuts, bars, etc. because they are limited and expensive in the Bahamas.
